February 26, 2019

The Honorable A. Dina Titus
United States House of Representatives
2464 Rayburn House Office Building
Washington, DC 20515

Dear Congresswoman Titus,

This week library professionals and supporters from across Nevada have joined together to share with you, in person, the ways our libraries are engaged with residents and visitors alike. Across the country library professionals are calling on Congress to continue support of the Library Services Technology Act (LSTA) funding through the Institute of Museum and Library Services Grants to States program. Thank you for your support of that transformative legislation!

As the Administrator of the State Library, Archives and Public Records division, I am responsible for oversight of Nevada's LSTA program. Libraries throughout the state are eligible to access these funds, whether academic, public, school, or government agency library, provided they advance one or more of the program's goals:

1. Strengthen Nevada libraries' ability to effectively respond to community needs through assessment, planning and training;
2. Encourage Nevada libraries to develop and use partnerships and collaboration to maximize user resources and services throughout the state;
3. Enable Nevada libraries to provide responsive learning environments;
4. Build the capacity of Nevada libraries to meet user identified access needs.

Most importantly, Nevada's LSTA plan goals, federal LSTA priorities, *and* the Governor's priorities are carefully aligned to leverage available resources and address the unique needs in Nevada. Should you or your staff require additional information on this program, or if there is any other way in which we might be of assistance, please don't hesitate to get in touch with me directly. I can be reached at 775-684-3410 or at tcolegrove@admin.nv.gov.

Sincerely,

A handwritten signature in blue ink, appearing to read "Patrick Colegrove", written over a circular stamp.

Patrick Tod Colegrove, Ph.D., MSLIS
Division Administrator, Nevada State Library, Archives and Public Records
